Statement of Nature, Reasons and Basis for Filing

In Order No. 587-Y, the Commission adopted the most recent version of the NAESB Wholesale Gas Quadrant (“WGQ”) Standards, Version 3.1 (“3.1 Standards”), and set forth the requirement that tariff records be filed to reflect the changed standards by April 1, 2019, to become effective August 1, 2019.³ The implementation of the 3.1 Standards and regulations will promote additional efficiency and reliability of the natural gas industry’s operations, thereby helping the Commission to carry out its responsibilities under the NGA.⁴ Pipelines must designate a single, separate, tariff record within which every NAESB standard currently incorporated by reference by the Commission is listed, and a) specify within such tariff record whether a standard is incorporated by reference, or identify the tariff provision that complies with the standard; and b) provide a statement identifying any standards for which the pipeline has been granted a waiver, extension of time, or other variance with respect to compliance with the standard.⁵

³ The 3.1 Standards are designed to clarify the processing of certain business transactions and replace the earlier version of these standards that the Commission previously incorporated by reference in 2015 pursuant to *Standards for Business Practice of Interstate Natural Gas Pipelines; Coordination of the Scheduling Process of Interstate Natural Gas Pipelines and Public Utilities, Order No. 587-W*, 153 FERC ¶ 61,061 (2015). Order No. 587-Y at P 7.

⁴ 15 U.S.C. 717 (2012). Order No. 587-Y at P 2.

⁵ Order No. 587-Y, at P 25. Further, at P 25 part (3), Order No. 587-Y requires that if a pipeline is requesting a continuation of an existing waiver or extension of time, it must include in a table in its transmittal the standard for which a waiver or extension of time was granted and the docket number or order citation to the proceeding in which the waiver or extension was granted. North Baja has not previously been granted a waiver or extension of time to comply with any specific standards.

Since the issuance of Order No. 587-Y, North Baja has undergone a process of identifying the changes necessary to implement the 3.1 Standards. Specifically, North Baja has updated Section 6.40 of the General Terms and Conditions of its Tariff, consistent with the sample tariff record provided by the Commission,⁶ to identify NAESB 3.1 Standards and whether each standard is incorporated by reference or to identify the tariff provision in which the standard is contained within the Tariff.

Effective Date

North Baja requests that the Commission accept the tariff section included as Appendix A to become effective August 1, 2019.
